Motion to Go Into Executive Session to Discuss the Three Candidates for the Administrator Position

**Village of Mariemont
Regular Council Meeting
August 23, 2021**

Mayor Brown called the meeting to order at 6:30 p.m. with the Pledge of Allegiance. Present were Mr. Bartlett, Mrs. Graves, Dr. Lewis, Mrs. Rankin, Mr. Stelzer and Mr. York.

Mayor Brown brought to the attention of Council that Mr. York's mother passed away and he wanted the York Family to know that the Village sends thoughts and condolences.

Mrs. Rankin moved, seconded by Mrs. Graves to accept the minutes as written for the Council Meeting August 9, 2021. On roll call; six ayes, no nays.

Communications:

*From Swim Pool Manager Schad: July 2021 Monthly Report. Dr. Lewis asked for YTD figures. Mayor Brown will supply the numbers to Dr. Lewis. Mr. Stelzer said the pool is up approximately 25% in revenues due to increases in rates, swim team fees and swim lessons. They plan to survey those who did not renew this year.

*From Council Member Stelzer: Email Dated August 19, 2021 re: Bell Tower Batting cage & Field Turf Program. Mr. Stelzer said approval is need by Council for the gross spending on this project not to exceed \$19,000. It will be to replace the batting cage that was damaged several years ago. The field turf is being donated which will be installed not only in the batting cage but also the practice area surrounding it. Our insurance carrier will cover \$4400 of the cost once the repair has been completed and the invoice paid. Mariemont Recreation has secured a \$5,000 contribution from Wells Fargo towards this project and a Mariemont resident will contribute additional funds so there will be no net cost to the Village. We can reduce the cost by \$2700 by having the Service Department perform the grading work. The project is targeted to be complete by October/November 2021. Council unanimously agreed to the project with the gross expense not to exceed \$19,000.

Permission To Address Council:

Ms. Karen Fallon, 6966 Murray Avenue, was granted permission to address Council. In 2018 she brought to the attention of Council the matter of the Duke Energy wooden poles. She distributed pictures for Council's review. Some have been removed, but 14 still remain. She is concerned about the low hanging hires being a safety hazard as squirrels are gnawing on them. In addition, orange cones are placed in a hole left by the removal of a pole. She asked the Council what can be done to address both the aesthetic and safety issues. Mayor Brown said he has had several conversations with Duke Energy, Spectrum and Cincinnati Bell representatives to try to resolve this issue. It is a frustrating because nothing gets done fast because they seem to indicate the other owns ownership of the matter. For the moment he has concentrated on getting the poles out along the Murray Path. Ms. Fallon said she also has concerns regarding the pavement on Murray Avenue between Plainville and Berwick. Mrs. Graves said that is actually Columbia Township and they have committed to paving that part of the road. It will be preliminary work before they do actual grading work to work on the drainage and curb issues. Ms. Fallon asked that the Village secure the committment in writing from Columbia Township. She has had numerous conversations with Columbia Township and Mike Lemon regarding this issue. She has offered her help in any way she can to find a solution to both of these issues.

Motion To Pay Bills:

Mr. Bartlett moved, seconded by Mrs. Rankin to pay the bills as approved by the Mayor, Fiscal Officer and Chairman of the Finance Committee. On roll call; six ayes, no nays.

Mayor Brown referred to the Safety Committee Invisible Fence setback requirements. It is not presently addressed in the code and any recommendation for setbacks to the property line would require new legislation.

Resolutions:

“An Emergency Resolution To Accept the Material Terms of the One Ohio Subdivision Settlement Pursuant to the One Ohio Memorandum of Understanding and Consistent with the Terms of the July 21, 2021 National Opioid Settlement Agreement” had a first reading. Mrs. Rankin moved, seconded by Dr. Lewis to suspend the rules to allow for the second and third readings. On roll call; six ayes, no nays. The Resolution had a second reading. Fiscal Officer Borgerding said the lawsuit against the drug companies resulted in the State of Ohio receiving money which will be distributed to municipalities. Mariemont is estimated to receive approximately \$23,000. He will look into the approved usage for the funds. The Resolution had a third reading. Mrs. Rankin moved, seconded by Mr. Bartlett to adopt the legislation. On roll call; six ayes, no nays. Mr. Bartlett moved, seconded by Mrs. Rankin to invoke the emergency clause. Dear Village Council,

I am writing as a Village Resident and former Council Member to express my support of the Village of Mariemont in establishing the position of Village Administrator.

A Village Administrator position will help free the Office of Mayor and Village Council to primarily focus on legislation, long-range planning, and enhancing residents lives. An Administrator will add great value to our Village by providing strategic oversight of all departments while ensuring execution and operational excellence.

Clearly established role clarity for this new position will also help alleviate the unfair burden and expectation set on the Office of Mayor.

I encourage the Village leadership to wholly pursue establishing the position and filling it with a qualified candidate.

Thanks for all you do,

Rev. Dr. Lorne Hlad

Village Council, Mayor,

I'm writing in support of creating a Village Administrator position. I believe this role would help the Village capture grant money more fully/efficiently, provide great continuity as Council members come and go, deliver on Council's strategic priorities and generally help the Village achieve its goals. During my time on Council I saw stretched, part-time officials miss opportunities that Fairfax (has an Administrator), for instance, capitalized on. Mariemont would benefit from an Administrator's laser focus. Please consider staffing a Village Administrator.

Mariemont Council Members
Village of Mariemont
6907 Wooster Pike
Cincinnati, OH 45227

Dear Mayor Brown and Council Members,

I am writing to express my support for hiring a village administrator in Mariemont. With the recent and unfortunate announcement by Kellogg that they will be reducing their workforce substantially by the end of the year, we as a village need to look seriously at generating additional revenue to offset losses. Some of the best reasons for hiring an administrator are the possibility of economic development/ future revenue and the pursuit of grant funding for various village projects and initiatives. If the village can hire an administrator without putting undue strain on the existing financial status of the Village, I believe a trial run is in order. I am in favor of hiring an administrator for a specified length of time to determine whether this leadership plan will be successful for our village going forward. If an administrator is ultimately successful in fostering sufficient economic development, their hire will be a worthwhile expenditure.

Thank you for your time and consideration.

Sincerely,

-Eric J. Marsland

Dear Mayor Bill Brown and our Mariemont Village Council,

I am writing to express my wholehearted support for a Village Administrator position to be created. Going back to my very first day as a part of the Pool Commission 10(ish) years ago, it became apparent that a few things could improve in our Village government. It could be more accessible to residents. It could definitely be more equitable, in that you often had to “know the right people to ask” to get problems resolved. It could be more proactive in building relationships and identifying and solving problems. And it could be much, much more transparent. As I served on council, these things slowly changed through relentless hard work and dedication of council members, volunteers and residents. Now we stand right where I have wanted to be for a long time. We can take one small step forward and open up a number of possibilities that were unimaginable before.

To illustrate, I will mention the job duties of the administrator below and then illustrate the possibilities they open up for us as a village.

Job Duty of Mariemont Village Administrator	Possibilities
Oversight of village divisions, HR function	Currently the mayor does this along with all other job duties for the administrator. There is no spare time for planning or looking forward, so none is done. We have no strategic planning with regard to budgeting, hiring, training, regular employment reviews. The result is that we rarely meet budget numbers because things are forgotten (just listen to a transcript of a budgeting session), we do not do regular, productive employment reviews, training when needed, promoting the talents of our employees, and we have found through reviews, that pay is not equitable as compared to those outside the village in similar positions, or among our own employees. A bird’s eye view on seasonal activities, budgeting and general HR management, will cut down on waste. This has been demonstrated this year, in pay reviews, reviews of the banking charges we pay, reviews of how we evaluate contracting out for services like mulch, mowing and planting trees.
Developing procedures to carry out the Village Council’s policies	Most recently, this need was apparent in the discussions of how to implement the removal of chain link fences. So often, when a

	<p>committee makes a decision, there is no action because the division isn't organized enough to create a procedure to carry out the policy. Council is a legislative and advisory body that shouldn't be involved in office functions (as no board should). Village employees wait to be told what to do. So nothing is implemented and Council's policies often go un-implemented or are misunderstood and poorly implemented. An administrator can make these policies, train employees about how to implement them, follow-up to be sure they are workable and make changes to ensure they work for everyone. In short, the Village office could be like a regular place of employment.</p>
<p>Promotes cooperation with other government agencies</p>	<p>This has been missing for at least 20 years. We have so much to learn from our neighbors and reinventing the wheel every time we undertake a project wastes time and money. We can share services and pool on things like arborist services, trash, sewer, paving, underground plumbing and many others. We can socialize and meet with our neighboring communities and learn that they are doing things we didn't even know you could do. I personally have had this experience both in my time serving on Mariemont's village council and in my career. Being open leads to innovations. These can save money, time, bring joy and are immeasurably valuable. (Sometimes they are measureable valuable and really add to the bottom line.)</p>
<p>Foster constructive relationships with residents, business owners and other community stakeholders; receives and responds to requests for services and facilitates solutions to public concerns...</p>	<p>I have spoken about the value this function would add in all the above areas. My one last comment is that while I was working on creating the DORA, I asked if the office could contact all the business owners involved to be sure they had a chance to comment, and get their questions addressed. No one had contact information for most of them or even a name. Luckily I knew many of them and had friends who knew the resr, but there is truly</p>

	no excuse for that in a place as small as Mariemont. Most of these businesses have been here for years. Imagine if we not only had contact information for their decision makers, but relationships with them too. What if we had community events beyond the Taste of Mariemont and actively supported them? Why don't we?
Researching and acquiring grant money	Council and community members have does this single handedly in the past with the exception of the grants obtained by our Village Engineer- who has been great at it. We are leaving SO MUCH MONEY ON THE TABLE. Just look at how much grant money Farifax brings in. That alone would fund this position several times over. So if this is cost neutral, what do we have to lose.

Why aren't we doing better without a Village Administrator? Time. No one has time to do all of this alone. The mayor can't work 150 hour weeks and Council is made of essentially volunteers who are supposed to be working in a board level position. I think this is why we don't have more people interested in these positions. We don't have a high-level overseer. We need someone who has their eye on the ball in areas like HR, budgeting, making sure we take the money out of the fund we said we would in an ordinance when we pay bills for a given project. We need someone who takes the decisions made in all these different boards and commissions and makes sure they are communicated then implemented. We need someone who takes calls from residents, finds grant money, helps make a strategic plan and helps us carry it out. We need someone who holds us accountable and frees us to do the job we are supposed to be doing rather than scrambling from fire to fire. We need a Radar O'Reilly- someone who knows what we should be working on and shows up with the information we need to make the decision and then gets that work done once the decision is made.

Mariemont is an amazing place. People say that all the time. I can't get out of here to have a lunch date because everyone wants to come here. What would happen if we were that way on the inside too? So ask yourself... Who does all of this now? No one... and we need that to take the next step as a Village.

I urge you to create the Village Administrator position and allow us to take the huge leap forward that we have needed for years.

Sincerely,

Maggie Palazzolo

To whom it may concern,

I would like to express my enthusiastic support in favor of hiring a manager for our village. Having been a Mariemont council member for ten years has given me some insight into the complex demands of running even a relatively small village; I think it exceeds the capabilities of one person. Giving the mayor the ability to partner with someone trained and experienced in municipal management can't help but improve our fiscal position and the logistical efficiency of operating our unique village.

Respectively submitted,
