Village of Mariemont Council Meeting October 23, 2023

Mayor Bill Brown called the meeting to order at 6:30 p.m. with the Pledge of Allegiance. Present were Mr. Ayer, Mr. Bartlett, Mrs. Brownknight, Dr. Lewis, Mrs. Rankin and Mr. York.

Mayor Brown asked for a moment of silence in memory of resident Martin Koepke. He was a great guy and was of tremendous value to our Village. He and Mr. Ayer were able to see him recently and presented him with a proclamation. His loss will be felt thoughout Mariemont.

Minutes:

Mrs. Rankin moved, seconded by Mr. Ayer to accept the minutes as written for October 9, 2023. Mr. Bartlett referenced the fire bay heater. According to the five-year forecast it was budgeted for Capital Improvement, but the spending request shows the payment coming from the General Fund. Mrs. Rankin said she would work with Ms. Uhrig should an appropriation change be needed. On roll call; five ayes, no nays (Mr. Bartlett abstained due to his absence).

Communications:

From Hamilton County Emergency Management & Homeland Security Agency: Email Dated 10-9-23 re: Resolution of Adoption.

Permission to Address Council:

Motion to Pay the Bills:

Mrs. Rankin moved, seconded by Mr. York, to pay the bills as submitted. Mr. York asked if the Village received reimbursement from Hamilton County on the mini planning grant. Mrs. Rankin said approximately \$18,000 was received and Engineer Ertel was to submit a request for reimbursement of \$12,000 for Kleinger's Group. She said the \$40,000 from MRF was received as well. On roll call: six ayes, no nays.

Committee Reports:

Mrs. Rankin moved, seconded by Mr. Bartlett to accept the recommendation of the Public Works & Service Committee which met on October 17th at 3:00 PM to discuss the Service Department structure with the retirement of John Scherpenberg and Kevin Schmid at the end of the year. In attendance were the Committee Chairperson Kelly Rankin, Committee Member Randy York, Village Council Member Marcy Lewis, Village Administrator Chuck Barlow, Maintenance Supervisor John Scherpenberg, Maintenance employee Ben James and Mayor Brown. Discussion was had to determine what classification type of employees is best suited to allow the department to run effectively. There is a need for two individuals to be hired. It was decided that further analysis of one of the roles of the Service Dept is necessary to decide precisely what skills are desirable. Chairperson Rankin and Ben James will investigate the possibility of a maintenance agreement with Honest One in Fairfax. This will be revisited in the week of 10/23/23. The Committee recommends launching an immediate search for the job description attached to allow sufficient time for the search process.

Mrs. Rankin said the Committee discussed whether we needed a mechanic to fill the upcoming vacancy of Kevin Schmid. The thought was to check with Honest One to do standard maintenance on the service and police vehicles. After talking with Chief Hines, he indicated that the police department has a good working relationship with Tire Discounters on Red Bank Road. She believes it would be in the best interest of the Village to have a

conversation with them as well. Mayor Brown said we do not need a mechanic to change oil. The scale and scope of the work needs to be more defined. Mr. Ayer commented that Kevin Schmid, who is retiring at the end of the year possesses strong special mechanical skills – he will be hard to replace. It is possible he may be willing to come back on a part-time basis.

It was discussed and agreed that the job for the general laborer would be posted with the Center for Local Government. Part-Time Administrator Barlow said he will reach out to Great Oaks/Scarlet Oaks to post the position as well. It was suggested to post on Indeed.com. On roll call; six ayes, no nays.

Input on Dogwood Park Plan TAB.docx

Hi Randy and Bill,

Please find the Tree Advisory Board's position on the Dogwood Park Centennial Plan, specifically as it relates to Street Trees and other mature trees within the park. Please note, I will not be at the public hearing later this week -- I have a date to cheer on the girls' varsity soccer team near Dayton instead -- but we would like this to be attached to the public record. Please let me know if we need to do anything specific to make that happen. Also, please feel free to contact me if you have any questions.

Thanks so much! Kristin Van Scoy TAB Chair Date: October 20, 2023

To: William Brown, Mayor

Randy York, Centennial Committee Chair

Mariemont Village Council

Regarding: Mariemont Tree Advisory Board (TAB) perspective regarding Dogwood Park Centennial Plans

Members of the TAB met with Randy York, Centennial Committee Chair, at Dogwood Park on October 19 to discuss park improvement plans. Consistent with the 'Powers and Duties' charged to our committee in Village Ordinance 37.06 and Board members' Urban Forestry training, our formal position on the project is limited to a) the proposed-treatment of street trees and b) protection of mature and "heritage" trees within the park and in right-of-way areas.

Street Trees:

- Proposal to relocate northern (Tot Lot) parking spaces at site of current London Plane Street Tree:
 The TAB strongly opposes removal of the decades-old, mature London Plane street tree immediately south of the existing parking spaces. As an alternative, we recommend limiting parking to 1 2 handicap spaces at the North end of the current parking area. This recommendation:
 - a. Ensures the Village continues to reap the shade, CO2 uptake, air pollution removal and storm water mitigation benefits provided by this large, mature tree.
 - b. Provides an unencumbered line of sight to the carillon tower.
 - c. Maintains easy access to the Tot Lot for those with limited mobility.
- 2. Proposal to extend the Southern parking lot and provide separate entry- and exit-points: Our understanding is that the proposed parking lot exit would be placed just south of the Lacebark Elm Street Tree (between the Lacebark Elm and the London Plane). The TAB concurs that extension of this lot is a priority. We accept that the Lacebark Elm may be compromised or lost in the completion of this part of the project. We prefer the tree remain in place through construction and elect to remove it at a later date, should it fail. Further, the TAB recommends that the drip line of the adjacent London Plane be considered during the expansion and that all efforts are made to maintain the integrity of the tree's root system and preserve the tree.
- 3. <u>Proposed placement of perimeter walkways:</u> We concur with current plans to place perimeter walkways outside tree drip lines at a distance that maintains the integrity of the trees' root structure.

Mature/Heritage Trees:

1. Preservation of mature trees: We strongly support the preservation of mature trees within Dogwood Park, including those framing the carillon and Tot Lot. Our urban forest is a point of differentiation and pride for our community, and we value our street and park trees as "living assets" of the Village. It is our understanding that the only trees to be removed to create the line of sight to the carillon will be the small (1approx... 10" diameter) black cherry and volunteer maple (a1pprox... 5" diameter) collocated with the honeysuckle near the Tot Lot parking spaces. The maple immediately south of this "clump" will remain intact. We prefer that the design team identify another line of sight that

- would not require the removal of any trees, but if this is the only line of sight that can be executed, we concur with this recommendation.
- 2. <u>Protection of mature trees BOTH park and street trees -- during construction:</u> Mature trees should be fenced off at the dripline for the duration of construction to protect these assets from unintended damage. Damage includes compaction of soil or direct root damage due to placing heavy equipment and/or supplies within dripline and disrupting or dissecting root systems by digging.
- 3. <u>Proposed Dogwood grove/extended parking at Pleasant/Mariemont Ave Intersection:</u> We fully support removing the Callery Pear trees, currently located on park grounds between the Street Trees, the naturalized area, and the parking lot.
- 4. <u>Moving fence at western edge of Tot Lot toward the shelter:</u> We oppose altering in any way the western fence of the tot lot, as it abuts two heritage oak trees, and any movement will disturb the root structures of these very old trees.
- 5. <u>Invasives:</u> The TAB supports the removal of any and all invasive plants and trees (i.e. Callery Pear, honeysuckle, Tree of Heaven) if the opportunity arises through this process, so long as current industry best practices are precisely followed. Failure to do so can exacerbate existing problems.
- 6. <u>Pruning mature trees:</u> Should pruning be required on mature trees, work should be performed under the administration of a certified arborist following ANSI A300 pruning standards. A specific note about Oak trees: to prevent the spread of oak wilt, all pruning on oaks needs to occur while the trees are dormant (i.e. after the leaves fall off and before they break bud in the spring). This approach protects our broader urban forest from a potentially debilitating infestation.
- 7. Moving the juvenile maple in the Tot Lot: We understand the young maple on the Tot Lot might be relocated to accommodate playground equipment. If this is necessary, moving the tree could kill it. The party reinstalling the tree would need to confirm any foreign materials (metal caging, burlap) are removed from the root structure and replant at the root flare level following ANSI standards. Further, the tree would need to be watered weekly by the Service Department for two full summer seasons following transplant. This guidance should be followed for any new trees being planted as part of this plan.

Thank you for providing us the opportunity to advise on this project. We ask that you include our comments as part of the public record regarding the Dogwood Park Centennial Plan.

Public Works & Services Committee

DATE:

November 8, 2023

SUBJECT:

Service Department structure/Street recommendations for SORTA 2025

The Public Works & Service Committee met on November 1st at 3:30 PM to continue discussion regarding the Service Department structure with the retirement of John Scherpenberg and Kevin Schmid at the end of the year. In attendance were the Committee Chairperson Kelly Rankin, Committee member Rob Bartlett, Committee Member Randy York, Village Administrator Chuck Barlow, Maintenance Supervisor John Scherpenberg, Maintenance employee Ben James, Councilperson Marcy Lewis and Mayor Brown.

The Committee also met at 4:00 to discuss the recommendation for streets to be submitted for SORTA grant in 2025. Village Engineer Chris Ertel joined the meeting.

Discussion was had to determine the second role classification (as recommendation for one of the roles was made at the October 23rd Council meeting). The Committee recognizes the need for someone to be the point person and/or on-site contact for certain projects and a leader for the department. The Committee recommends posting a position for Maintenance Supervisor immediately. Due to the limited timeframe, the Committee agreed to allow the job to be posted prior to the 11/13 meeting.

The second topic regarded the streets to be selected for the SORTA grant application for 2025 funding. After discussion and recommendation by Engineer Ertel, the Committee recommends the following streets to be selected for grant submission:

Mariemont Connector: Plainville & Murray Intersection (only)

Pleasant St - Mariemont to Mariemont

Miami Bluff Dr - Midden Way to Harvard St

Center St - Miami Bluff to Mt Vernon Av

Note: the street projects selected may need to be revised based upon the funding priorities of the 2024 Transportation Infrastructure Funds guidance documents.

Respectfully submitted,		
Kelly Rankin
