From the Office of Mayor Bill Brown:

After years of dedicated service to the Village, Jordan Schad has decided to step down as manager of the Mariemont Pool.

Jordan's tenure at the pool spanned 30 years! She started working at the pool as a lifeguard when she was just a teenager. She went on to serve as a swim instructor and swim coach and then as assistant pool manager and finally pool manager.

Her vast knowledge of the operation of the pool has been invaluable, particularly as we navigated brand new waters with COVID. Jordan has nothing but positive things to say about the families and employees that she has gotten to know and worked with over the years.

We will truly miss Jordan and wish her all the best in her future endeavors.
