### **Timeless Exemplar: Why John Nolen's Mariemont Plan Still Informs Sustainability**

John Nolen's path-breaking practice helped set the foundation for sustainability. Viewing town planning as an art that meshed nature and the city, he created the human scaled "sense of place" that is essential to sustainability. Examining the Sustainability Plans for Cincinnati, Orlando, and Portland through this lens will unveil why Nolen's timeless vision remains a defining hope for the future.

Mark your calendars -Tickets will be on sale soon!

*Fall Forum is presented in partnership with Mariemont Preservation Foundation's Millard F. Rogers Jr. Lecture Series.*
