

**VILLAGE OF MARIEMONT

Mr. Brad Lamoreaux introduced himself to Council. He lives in Lebanon, Ohio with his family and is a candidate for State Senate District 7 which includes Warren County, a portion of Middletown and the eastern part of Hamilton. He is running to give the residents of District 7 a choice between a moderate and conservative. His opponent was appointed by Governor Kasich, who failed in the presidential election. He served on the board in Warren County for the Republican Party. He is running to give the voters a choice between John Kasich/John McCain moderate or Ronald Regan/Jim Jordan conservative. He is proud to announce that he has been endorsed by Congressman Jim Jordan.

Service Superintendent Scherpenberg said Michael Evanchyk has completed his probationary period and recommends that he be made a regular full-time employee. Mr. Evanchyk brings the department back to five. He has been instrumental repairing trip hazards and working with Louise Schomburg. Mr. Marsland moved, seconded by Mrs. Rankin to move Mr. Evanchyk to regular full-time status. On roll call; six ayes, no nays. Mr. Evanchyk was congratulated by the Mayor and members of Council.

Mayor Policastro read the following Communications:

From Police Chief Hines: March 2018 Monthly Report

From Assistant Fire Chief Kiefer: March 2018 Monthly Report

From Service Superintendent Scherpenberg: March 2018 Monthly Report

From Building Administrator Keyes: March 2018 Monthly Report

From Tax Administrator Busam: March 2018 Monthly Report

From Mariemont Parks Advisory Board: Meeting Minutes March 2, 2018

From Council Member Troy Hawkins: Memo Dated April 6, 2018 Re: Request to Refer Consideration of an OKI Transportation Alternatives Grant for Multi-Use Path from Plainville Road to Mariemont Library to the Health and Recreation Committee. Mayor Policastro referred the matter to the Health and Recreation Committee but said it will involve the Planning Commission, possibly the ARB due to the impact on three parks. He will have the Solicitor look at it. He said Mr. Hawkins and Engineer Ertel can put some plans together but cautioned he does not want to pay a lot of money. Next year we have to set aside money to fix the drainage problem in that area. He is going to work with Columbia Township, Engineer Ertel and the intergrading committee to try to secure some sort of grant. Superintendent Scherpenberg explained some of the drainage work that has been done in the area in the past. Mayor Policastro is hopeful we get the grant this year for Madisonville Road. If not we will re-up for the grant again in addition for applying for a grant for Petoskey.

Mr. Mike Smyth, 3607 Flintpoint Way, was granted permission to address Council. He thanked the various departments on doing a good job and congratulated Mrs. Rankin on her role as a Council member. There is a school levy coming up in November. He asked if anyone from Council attended the school board meetings within the last six meetings. He thinks it would be important due to the high property taxes (which are paid to the school) that drain the Village's budget. He suggested Mr. Hawkins volunteer due to his great critical thinking skills. He encouraged Council to keep doing the job they are doing and asking questions. He did note that George Peck's house is on the market. He wonders why a thirty-year realtor has his house for sale.

Ms. Wendler asked when we passed the legislation to purchase police car was the purchase noted that the vehicle would come from the Alcohol Education and Enforcement Fund. Mrs. Van Pelt said she would check the Ordinance and make the change if necessary.

Solicitor McTigue said Section I of the Ordinance for the fire vehicle should break down the cost for the vehicle itself and for the modifications and what vendor the payment will be made to. Mr. Hawkins moved, seconded by Ms. Palazzolo to amend the Section I and Section II of the Ordinance to include the cost for the vehicle itself and for said modifications. On roll call; six ayes, no nays. Mrs. Van Pelt will make the necessary amendments.

Mrs. Graves said the new electric poles are an eyesore in the neighborhood and asked if it could be referred to a committee to look into painting the poles. Mayor Policastro said he has already been down that road and Duke Energy said no they do not want anyone on the poles due to the high electricity. We cannot fight them because they own the right of way. The wood poles will be coming down.

Mr. Hawkins asked about re-opening Whiskey Creek. It was something Council had discussed about re-visiting the erosion issues and the archeological sites in the spring. He asked that the matter be referred to a Committee of Council. He would like to look to see what the Village can do to prevent further erosion. He has walked the area with Jason Brownknight who has some ideas on how we can restore things so it would not continue to erode. The trail has a fence with a sign that sometimes is up saying the trail is closed. Superintendent Scherpenberg said there is a camera installed. Mayor Policastro said as soon as the weather breaks Mr. Marsland will be working with the boy scouts to build a bridge. Mr. Marsland said it would also be good to talk about what species of vegetation we can plant to stem the erosion issue. Mayor Policastro referred the erosion issue and trail path to the Committee of the Whole. We need to find where people can cross over and keep them from the kiln area.

The meeting adjourned at 7:40 p.m.

Dan Policastro, Mayor

Anthony Borgerding, Fiscal Officer
